

# ATMA Partner Slider Module

The same functionality as Coffee Template Slider

Set up Partner Logo Slider Custom Module. Logos rotate through. Fields for logo image and link address opening in new tab. Show 4 logos at a time, full screen. 2 logos wide on mobile.

Partner logos are in ATMA > File Manager > Images > Partner-Logos

The module will show above footer throughout the site.

I have deleted the Partner Logo links from the footer. I need you to re-align the three remaining items so they are centred.

OUR PARTNERS

ATMA  
ATMA originated in 1963 and has continued to build by reassessing the needs of members with a long term focus of matters relevant to the good of the technical milling profession. Our Members are linked to the cereal milling and processing industries through an interest in technical milling and industry issues. Membership is based on individual membership as part of a professional association.
